Personal profile

I am a fourth-year student pursuing a degree in BSc Mathematics and Computer Science at Machakos University. I am a self-motivated, hardworking, and ambitious individual with a great passion for software development. I am committed to pursuing my career in this field, focusing on building accessible, inclusive, and human-centered applications.

Professional profile

Educational background

Sep 2019 to present: Machakos University

BSc Mathematics and Computer Science

2015-2018: Njabini Boys High School

Kenya Certificate of Secondary Education (KCSE)

Programming skills

Languages: HTML & CSS, JavaScript

Frameworks: Reactjs, Vue, Ionic framework, jQuery, Nodejs, Bootstrap, Expressjs, Nestjs

Tools: SCSS, Git and GitHub, Typescript, MongoDB, MySQL, Postman

Experience

VintEx Technologies: Jan 2023 to March 2023(Internship)

- Developed frontend, backend, and administration panel for an E-markets website using Vue.js, Node.js, Express, and MySQL.

Projects

1. Machakos university app
   - Developed an Android mobile application using the Ionic framework to help Machakos University students navigate the school website easily.
   - Achieved over 1000 downloads and a 4.9-star rating on the Play Store.

2. <u>Kenya-administrative-divisions</u>
    - Created an NPM package that allows developers to retrieve information about Kenya's counties, constituencies, and wards.
3. <u>Swahili bootstrap</u>
    - Developed a Swahili version of the popular Bootstrap framework.
